

Lifetime Impact Award

Assessment Criteria

Each question will be scored out of a maximum of 10 points. Entrants are encouraged to provide comprehensive and detailed responses.

Two subcategories:

- Micro Small and medium sized consultancies
- Large consultancies

Entries should demonstrate:

- **Sustained leadership**
Demonstrated leadership over a significant period, influencing organisations, teams, clients or the wider profession.
- **Industry impact**
Clear examples of how the nominee's work has shaped engineering consultancy practice, standards, markets or reputation.
- **Professional influence**
Contribution beyond their immediate role, such as mentoring, advocacy, thought leadership or sector engagement.
- **Legacy and role modelling**
Evidence that the nominee's approach has created lasting value and positively influenced others.
