# Award categories

## Best UK Consultancy (micro) Best UK Consultancy (small and medium) Best UK Consultancy (large)

Awarded to consultancy firms in the built environment that have achieved the most impressive performance during 2020. Shortlisted businesses will have demonstrated exceptional social, environmental and financial performance in difficult circumstances.

## Future of Consultancy – Best use of Digital

Awarded to a consultancy firm in the built environment for an exceptional digital programme or project. This could be focused on value creation for a client, a design simulation for construction, or the creation of digital tools/twins.

Supported by: 

Category sponsor: 

## Net Zero Advisor of the Year

Awarded to a consultancy firm in the built environment that has demonstrated a leading approach to advising clients on delivering a carbon free future. The shortlisted company will be viewed as Net Zero champions within the industry but will also lead by example.

## Future of Consultancy - Client Advisor of the Year

Awarded to a consultancy firm in the built environment for a value-adding approach to client advice. This could enhance traditional people-based expertise with data analytics and new technology across the entire lifecycle of an asset.

Supported by: 

## Emerging Professional of the Year

Awarded to a talented individual at the beginning of their career working in consultancy or engineering in the built environment who has played a significant role in the design, delivery, maintenance or management of a project or projects throughout 2020.

Supported by: 

## Inclusive Employer of the Year

Awarded to a consultancy firm in the built environment that has not only championed the continual development of its people but harnessed a truly diverse workforce with leading commitments to equality and inclusion.

Supported by: 

## Apprentice of the Year

Awarded to a talented individual apprentice who has shown outstanding progress and commitment to their own personal development, is progressing on a recognised training scheme with an organisation working in the built environment, and who has made a positive difference to that business.

Supported by: 

## Best pandemic response

Awarded to a consultancy firm working in the built environment for their response to the pandemic. Shortlisted organisations will have successfully transitioned to remote working, provided an ongoing programme of support for their people, and demonstrated their credentials as a socially responsible business.

**NOMINATE NOW**

Nomination deadline is **Wednesday 14 July, 5.00pm.**
