

Apprentice of the Year

Engineering Consultancy

Assessment Criteria

Each question will be scored out of a maximum of 10 points. Entrants are encouraged to provide comprehensive and detailed responses.

Entries should demonstrate:

- **Contribution and performance**
Evidence of meaningful contribution to projects, teams or business outcomes during the apprenticeship.
- **Learning and development**
Commitment to learning, skills development and professional growth.
- **Attitude and initiative**
Demonstrated professionalism, initiative and willingness to go beyond expectations.
- **Future promise**
Clear potential for continued progression and long-term contribution to the sector.
